in Earthquake Zone  
for Six Days****UNINJURED ARE HELPING****People of Italy Are Responding  
Generously to Subscriptions for  
the Relief of the Sufferers****PROPERTY LOSS ABOVE \$60,000,000**

ROME, Jan. 18.—The uninjured in the earthquake zone gradually are regaining their composure and tending their aid to the volunteer workers in an endeavor to ameliorate the terrible conditions in the ruined towns.

Food supplies and clothing have been distributed nearly everywhere and huts are being constructed for the temporary housing of the homeless.

Work in the ruins is being carried forward as speedily as possible. Today many persons were rescued alive in numerous towns from beneath the debris of fallen buildings where they had lain without food or water for six days. Hope is expressed that many others who are held prisoners may be reached in time to save them.

Nineteen were taken alive from the ruins at Avezzano today; six of them unhurt.

It still is impossible to state with accuracy the number of lives lost in the earthquake or do more than estimate the monetary damage. One unofficial estimate places the property loss at above \$60,000,000.

Subscriptions for the relief of the sufferers are being raised throughout Italy and the people are responding generously. King Victor Emmanuel again has gone into the stricken region to render what service he can to the distressed people.

Queen Helena today sent a train load of foodstuffs, clothing and medical supplies to the people in the ruined towns.

Members of the royal family, high officials and leading legislators are busily engaged in relief work. Thomas Nelson Page, the American ambassador, was among those who went to the earthquake region today to distribute relief stores to the destitute.

At Avezzano all the dogs in the town have been killed because they had been prowling in the debris among the bodies of the dead. At several places wolves have come down out of the mountains and parties have been formed to hunt down and exterminate them. In some instances the wolves are said to be so vicious that they even attacked automobiles passing along the roads.

**Resident Co-operating with Workers.** Avezzano, Jan. 18.—The people of Avezzano at last are beginning to show personal initiative, are ready co-operating with the government representatives, the red crosses and the rescue workers. Members of the chamber of deputies who have arrived in the district are assiduously organizing relief and aiding rescue work. They are even working side by side with the laborers. Among them is Deputy Rusti, who organized young peasants into several first aid squads and later removed his coat and worked in the ruins until midnight.

Deputy Bissolati, the Socialist leader in the chamber, who is noted as a mountain climber, ascended today with a party of men to the little village of Rendinara, 1,200 feet up the mountainside. The village, which had rested on a crag like an eagle's nest was destroyed. The church collapsed while it was filled with worshippers.

The deputy and his men, with axes, picks and ropes, delved into the wreckage and rescued a number of persons buried there. Those who were injured were given first aid treatment and taken in improvised stretchers or upon the backs of sturdy men to a temporary hospital which had been hastily erected. Signor Comandini, instead of engaging in the search for the dead or injured, had peasants indicate the locations of former grocery stores. He had squads of men dig into these ruins until the stocks of goods were uncovered. These he then distributed in spite of objections raised by some of the shopkeepers. The deputy then built an oven in which he baked bread for the people.

At Magliano-di-Marsi, the vice-mayor of the town objected to his land being used as a camping place by the people. Deputy Vignoli, when he learned of this, violently upbraided the vice-mayor. He threatened that if the official persisted in his refusal to permit the people to occupy his land he would have the vice-mayor placed in jail. The frightened official gave his consent for the people to remain encamped where they were. Few of those who heard the threat of the deputy realized that there was no prison standing within miles of the spot.

**TWO SHIPS ON WAY TO SUCCOR  
DISTRESSED STEAMER CAMINO**

California Relief Ship is Three Hundred Miles Off Halifax With Rudder, Deck Houses and Anchors Gone.

New York, Jan. 18.—The latest news received here tonight at the office of the commission for relief in Belgium concerning the California relief ship Camino, which on Sunday night sent out a call of distress, was to the effect that the steamer was 300 miles off Halifax with her rudder, deck houses and anchors gone. The British Steamer Kanawha was reported to be standing by while the United States Revenue Cutter Androsoggin and the Lady Laurier, of the Canadian government, were on their way to succor the vessel.

The owner of the Camino, R. S. Swayne of San Francisco, is in this city and received a communication from the captain of the steamer concerning her condition stating that she was expected in the port of Halifax Wednesday and that arrangements for her repair had been made.

The Camino is laden with a cargo of about 6,500 tons given by the state of California for the relief of Belgium. The cargo is valued at \$400,000, according to the commission and is the largest contribution of any state thus far. The steamship and cargo are fully covered by insurance.

**ASKS FEDERAL AID IN INQUIRY  
INTO ELECTION FRAUDS**

WASHINGTON, Jan. 18.—Attorney General Gregory today received word from United States District Attorney Karch of the eastern district of Illinois that investigation of alleged election frauds in the eighteenth Illinois district which returned former Speaker Cannon to congress last November, had progressed far enough to require the presence of department of justice investigators. The department will assign one or more investigators to the case and Mr. Karch was instructed to continue his inquiry regardless of what political party might be involved.

OF CONSUMPTIVES AS CURED**

A new medical building, the gift of Samuel Grabfelder of Philadelphia, president of the hospital association, was formally opened. The officers were re-elected, Mr. Grabfelder and Walter Freiberg of Cincinnati being elected to their first consecutive terms as president and first vice-president respectively.

**FRANKIE CALLAHAN KNOCKS OUT  
JOE RIVERS IN SECOND ROUND**

MEMPHIS, Tenn., Jan. 18.—Frankie Callahan of Brooklyn tonight knocked out Joe Rivers of Los Angeles in the second round of what was scheduled to have been an eight round bout here tonight.

Rivers outboxed Callahan in the first round and landed several times at close quarters but with little effect.

In the second round Callahan took the aggressive and near the middle of the round ended the bout with a right swing to the jaw. It was several minutes before Rivers revived sufficiently to leave the ring.

Both men made the required weight, 133 pounds, at three o'clock.

**COUNSEL WORKING TO HAVE DATE  
OF FRANK'S APPEAL ADVANCED**

ATLANTA, Ga., Jan. 18.—Counsel for both state and defense in the case of Leo M. Frank, under sentence of death for the murder of Mary Phagan, are expected to co-operate in efforts to have the United States supreme court advance for hearing Frank's appeal from Federal Judge Newman's decision denying a habeas corpus writ. The case was docketed by the court today.

Attorney General Grice of Georgia said tonight he had received assurances of aid from Louis Marshall of New York, one of the defense attorneys and indicated that the advancement motion probably will be filed within two weeks. Unless advanced it would not be heard before eighteen months.

**IS SHOT BY DISCHARGED EMPLOYEE**

Peoria, Ill., Jan. 18.—Edwin C. Ault, president of the Illinois Electrical Manufacturing company, was shot and seriously wounded today by Edwin A. Frederick, an electrician. Frederick fired four times, two of the shots taking effect. Frederick became enraged after being discharged.

**KRAMER DEFEATS DOIG.**

Milwaukee, Wis., Jan. 18.—Billie Kramer, Milwaukee, tonight defeated Jack Doig, Springfield, Illinois, in a ten round bout, by a narrow shade in the opinion of newspaper critics. Kramer led by doing much of the fighting in the early rounds, and the younger Landsturm men a Budapest have been summoned to join the colors January 21st.

**ASSEMBLY SESSION MAY  
CONTINUE UNTIL JULY****SEEMS LITTLE PROSPECT OF GET-  
TING DOWN TO BUSINESS**

Lower House Will Continue Efforts to Elect a Speaker Today—Province is Prepared to Continue in Race—Senate Meets Tonight.

Springfield, Ill., Jan. 18.—There was considered but little prospect tonight that the Illinois legislature will get down to its regular business of considering and passing bills for at least another month.

When the assembly re-convenes tomorrow, members of the lower house will continue their efforts to elect a speaker and the senate again will take up the question whether it should proceed with its organization or postpone it until senators are seated from the two contested Cook county districts.

When present business is disposed of members of both houses will turn their attention to the selection of standing committees. This usually has taken two or three weeks. There is much conjecture as to when the legislature will be able to complete its work, some of the assemblymen predicting it will be as late as the first of June or July. A few have expressed the hope that the session will end by May 1st or 15th.

There was little indication tonight that the house would break the speakership deadlock this week, although Republicans and Democrats and wets and dries returned to Springfield confident that some one of their number would be elected soon. Neither the wets nor the dries were inclined to concede a point and there appears to be no serious break in party lines. The house will reconvene at 11 a. m. tomorrow. There was considerable talk tonight among opponents of Walter Province of Taylorville, the Republican caucus nominee, of a caucus of their men tomorrow night, but no call was issued.

Province was prepared to continue in the race, providing the caucus strength of 62 votes remained with him.

The senate will reconvene at 8 o'clock tomorrow night but it is doubtful if a quorum will be present. Members of the two subcommittees of the elections committee, who are in Chicago arranging preliminaries for the recount of ballots in the two districts in contest are not expected in Springfield before Wednesday morning.

Republican senators are prepared to resist any effort to proceed with the business of the senate before the contests are disposed of and if the Democrats attempt to take up other business a repetition of the riotous scenes that marked last week's senate sessions is not improbable. A movement to amend the Illinois drug law so as to make its provision regarding the sale of habit forming drugs conform with the federal statutes on the subject was given impetus today at a conference held at the offices of the state board of pharmacy. The conferees included representatives of the state board of pharmacy, the national and state pharmaceutical societies, the Illinois retail druggists association and the Springfield Retail Druggists' association.

It is proposed to amend the Illinois law to require a registration fee from every druggist, require a record of all sales of these drugs and make the sale of any such drugs without a physician's prescription punishable by a heavy fine.

Legislators from rural counties arriving late tonight were insistent that immediate action be had to reimburse farmers whose cattle were killed because of the foot and mouth disease.

Combined with the fact that many of the assemblymen are to attend a meeting tomorrow which will be addressed by scientists who have made a study of the foot and mouth disease. This led to talk that the speakership deadlock might soon be broken in order to rush through the demanded legislation. However, both the wets and dries and Republicans and Democrats denied that such agitation would lead them to concede a point.

**JURY FINDS THAT MRS. ALICE RONALDS COMMITTED SUICIDE**

MATTOON, Ill., Jan. 18.—A secret witness today gave testimony which resulted in a coroner's jury finding that Mrs. Alice Ronalds, whose body was found in her husband's home New Year's morning, had committed suicide. The witness took the stand only after the jurymen and officials had all sworn to keep his identity and his testimony secret. All spectators were excluded and no record of the testimony was taken.

The verdict also directed that a commission be called to inquire into the sanity of Dr. H. E. Ronalds.

**SUMMONS LANDSTURMS  
TO THE COLORS.**

London, Jan. 18.—(10:20 p. m.)—A Budapest despatch received here says Reuters' Amsterdam correspondent, states that the trained Landsturm classes of the years 1875 to 1881, inclusive, and the younger Landsturm men a Budapest have been summoned to join the colors January 21st.

**War News Summarized****Characteristic fighting is going on in northern France where the village of LaBoisselle, twenty miles to the northeast of Amiens, was taken from the French by the Germans and later recaptured by the French. At this point there has been much work with the bayonet. A French ammunition depot blew up and part of the village was destroyed by fire. The Germans taking advantage of this incident, attacked the French with the steel and drove them to positions beyond. In a fierce counter attack some hours later the French recaptured the position.**

"A French eye-witness" with official authority gives some idea of the nature of the fighting which has been going on in the west. He describes the fighting near Soissons ten days ago as resulting favorably for the allies, but later the waters of the Aisne swollen by the heavy storms, came over the banks, washed bridges away and prevented the allies from sending reinforcements to points where the French troops were being hard pressed by the Germans. This resulted in a retirement of something like a mile and the establishment of a strong front in a good strategic position on the right bank of the Yser.

The long awaited decisive action in Russian Poland has not yet developed, probably on account of the unfavorable weather conditions which have prevailed for some weeks, but the Russian statements tell of small engagements at certain points along the trenches which indicate preparedness on both sides to take advantage of any opening that offers.

In Galicia the Austrians have succeeded to the east of Zakliczyn in forcing the Russians to evacuate their trenches for several miles. No further word has been received regarding the operations of the Russian forces in Karkibab Pass, through which they expect to carry their aggressive campaign into Hungary, but Vienna reports that in the Carpathians only patrol skirmishes have occurred.

The Prussian losses in the war are disclosed in 136 lists, according to a despatch, number 877,107. The Austrian losses, not including those of the last two months, according to the same authority, number nearly 284,000 in killed, wounded and prisoners.

Great Britain has promulgated regulations for the conservation of British capital. Issues of capital or participation in issues for undertakings outside the empire are prohibited. It is explained that "all considerations must be subordinated to the paramount necessity of husbanding the financial resources of the country with a view to the successful prosecution of the war."

**REPORTS MARKED IMPROVEMENT IN GENERAL TRADE CONDITIONS**

Morgan Tells President Increase in Exports Has Greatly Reduced the Debt Owed in Europe.

Washington, Jan. 18.—Marked improvement in general trade conditions as affecting international exchange was reported to President Wilson today by J. P. Morgan, who informed Mr. Wilson that the increase in American exports to Europe had greatly reduced the debt owed in Europe. Mr. Morgan mentioned to the president the credit of \$12,000,000 recently established by the Russian government in the United States through Mr. Morgan's banking firm and explained that there was to be no direct loan of money to the Russian government. On leaving the white house he said the arms for the credit loan "would go forward."

Having come to Washington primarily to attend the meeting of the federal reserve council, Mr. Morgan plans to remain here until Wednesday.

**BRITISH STEAMER ON ROCKS.**

Vigo, Spain, Jan. 18.—The British Steamer Highland Glen, bound for Buenos Aires, with passengers, ran on a rock in the bay today and was badly damaged. She proceeded for port under full speed, but the water gained so rapidly it was necessary to beach the steamer.

The Highland Glen is of 4,793 tons register and was built in 1901. She belongs to the Nelson Steam Navigation company of London.

**EXPECTS ORDER TO PERMIT THE HOLDING OF FARM SALES**

Iowa Veterinarian Recommended That Federal Restriction be Modified so as to Bring Relief to Farmers.

Des Moines, Iowa, Jan. 18.—Dr. J. L. Gibson, state veterinarian, expects to receive an order tomorrow from Washington, D. C., which will permit the holding of farm sales in most of the territory included in the six counties originally quarantined for the foot and mouth disease. He has recommended that the federal restriction on sales be modified so as to bring relief to several hundred farmers in the affected section.

A committee headed by Senator W. D. Shean of Anamosa, representing Clinton, Clark, Scott and Jones counties called on Governor Clark this afternoon to protest against the order prohibiting farm sales. Dr. Gibson was called in to explain the situation. He gave the committee assurance that the ban will be withdrawn as soon as possible and all that is needed now is the federal approval of the recommendation made by the Iowa bureau of animal health in order to bring about the relief asked for.

The value of the stock destroyed owing to the foot and mouth disease now reaches \$100,000. Of this amount the federal government agrees to pay half, providing the state of Iowa pays the remainder. It may be necessary to ask the Iowa legislature for an appropriation immediately to pay the state's share of the damage.

**REVOLUTION SPREADS RAPIDLY**

**STORM IN BELGIUM  
PREVENTS OPERATIONS****LULL AT SOISSONS LEADS TO BELIEF  
RENEWAL OF STRUGGLE IMPENDING**

Russians are Thought to be Menacing East Prussia and Posen—Turks are Reported to Have Been Dealt Another Staggering Blow.

London, Jan. 19.—(10:35 p. m.)—The omission from the German official report of any reference to Soissons, the scene of the recent marked German success, and the French statement that there has been no change in that region leads to the belief that a renewal of the violent struggle there is impending, the temporary quiet being due to the fact that neither side cares to risk an offensive in the present circumstances. At widely scattered points elsewhere on the western front there has been engagements, but the weather again is playing an important part. The storm in Belgium prevents operation, except artillery duels, and snow in the Vosges, at the other extremity of the line makes attacks exceedingly difficult.

For the time being the Germans seem to be more on the offensive than the defensive.

The German reports of all the eastern operations are very brief, but those of the Russians are in detail and it is believed the Russians are again menacing East Prussia and Posen.

The Turks, according to reports, have been dealt another staggering blow after their determined stand in the snow at Kara Urgan in the Caucasus. They are fighting rear guard actions but are being pressed back toward Erzerum in great disorder.

The Turkish garrison at Adrinople, the partial withdrawal of which was previously reported, has now completely withdrawn, according to an Athens despatch which gives no explanation. The London papers print a forecast appearing in the Paris Figaro that Italy, Greece, Rumania and Bulgaria will join the allies, but there is nothing more definite relative to this turn of affairs than there was a fortnight ago.

**MASKED MAN ASSAULTS YOUNG WOMAN; THEN THROWS ACID**

SPRINGFIELD, Ill., Jan. 18.—Bloodhounds will be sent from this city early tomorrow to aid in the search of a masked assailant who early tonight severely injured Miss Daris Mayfield, an 18 year old girl at her home in Waggoner, Ill., by assaulting her and then throwing acid in her face.

The young woman was choked into insensibility by her assailant who escaped. A posse was formed at Waggoner to search for the wanted man.

**BEGIN PROBE OF COUNTRY'S GREAT  
PHILANTHROPIC ORGANIZATIONS**

Samuel W. Untermyer and Roger W. Babson are Witnesses Before Federal Industrial Relations Commission.

New York, Jan. 18.—Samuel Untermyer of New York, who was counsel to the Pujio committee which investigated the so-called money trust, and Roger W. Babson of Wellesley Hills, Mass., statistician, were the two witnesses who testified today at the opening session of the investigation of the federal industrial relations commission into the country's great philanthropic organizations, namely: The Rockefeller, Carnegie, Sage, Cleveland (Ohio) and Baron DeHirsch Foundations.

Mr. Untermyer contended that while philanthropic foundations were ably managed and administered the laws governing them should be revised. He advocated federal charters, a limitation as to size, representation by federal trustees when the present trustees begin to retire and a prohibition against the accumulation of income.

Both witnesses assailed the absentee control exercised over many of the countries leading industries as being not only unfair to the workers, but usually contrary to good business practice.

**VILLA GOES TO MEXICO CITY  
TO ASSIST NEW EXECUTIVE**

Colonel Garza is Selected Temporary President by Convention to Succeed General Gutierrez.

Washington, Jan. 18.—General Francisco Villa, commander-in-chief of the forces controlled by the convention in session at Mexico City, was due to reach the capital tonight to assist Colonel Roque Gonzalez Garza, selected by the convention as temporary executive to succeed General Eulalio Gutierrez.

Advices to this effect reached the state department today, together with the information that while the capital was "well protected and policed" there had been some executions for disorders and the population was uneasy over the general situation. The reasons for the departure of Gutierrez have not yet been explained to the state department and the belief prevails that with the 5,000 troops accompanying him from Mexico City and General Blanco and Robles, he is endeavoring either to join General Obregon and the Carranza element or intends to set up an independent faction.

Light was thrown upon the conduct of Gutierrez tonight by the receipt here from Vera Cruz of copies of letters said to have been exchanged between General Gutierrez and General Obregon and Candido Aguilar dated January 7th, approximately the time when Gutierrez announced to the convention that he was working on plans for the pacification of Mexico. Briefly his plan was said to be to unite with General Obregon and Aguilar in deposing General Villa from control of the convention forces. Elio Arrendondo, head of the Carranza agency here, made public the text of the correspondence.

**UNITED STATES' FOREIGN TRADE  
SHOWS ONLY SLIGHT DECREASE**

Increased Exports Resulting for Europe's Demands for Foodstuffs Helps Maintain Total.

Washington, Jan. 18.—Only slight decreases in the foreign trade transactions of the United States are shown for the year 1914 in spite of the demoralization of the overseas business during the early stages of the European war. That the falling off in totals was not greater is attributed largely to the increased exports resulting from Europe's extraordinary demands upon the United States for food stuffs and other supplies since the merchant fleets of the allies and of neutral countries have resumed comparatively free operations.

A summary of the trade movements during the calendar year 1914 issued by the department of commerce tonight showed that the exports were \$2,114,257,339 as compared with \$2,484,018,292 in 1913 and imports \$1,789,022,426 against \$1,792,596,480 in 1913.

The department also announced that during the month of December last, a favorable trade balance of \$131,863,077 was achieved by the United States. Exports in December totaled \$246,266,047 and imports \$114,403,970 against \$194,711,170 and \$138,080,520 respectively in November.

**OBREGON EXPECTS TO ENTER MEXICO CITY THIS WEEK**

Vera Cruz, Jan. 18.—General Obregon of the Carranza forces is expected to enter Mexico City this week, possibly tomorrow, although the more conservative element is inclined to believe that his entry will not take place for several days.

Street car traffic in Vera Cruz has been suspended by a military order until the company reinstates its old employees many of whom have been supplanted by new men on account of the wage dispute.

OFF WITH SHOTGUNS****Officials Meet With Armed  
Resistance in Attempts  
to Quarantine Cattle****WILL BE PROSECUTED****Law Provides for Heavy Fine  
or Term of Imprisonment for  
Interference With Bureau****WILL HOLD CONFERENCE TODAY**

CHICAGO, Jan. 18.—Officials of the bureau of animal industry have met with armed resistance from farmers in Kane, McHenry and Whiteside counties in their attempts to quarantine cattle affected with foot and mouth disease. Dr. S. E. Bennett, United States veterinarian, in charge of the district, today appealed to Charles F. Cline, United States district attorney, for protection for his deputies.

Dr. Bennett told of an incident near Barrington, McHenry county, yesterday when a farmer raised a shot gun and drove an inspector from his farm. At least five similar instances have occurred in the last three days, according to the United States official.

"The farmers have no cause to resist government officers," said Mr. Bennett, "as they were being paid a fair price for the cattle slaughtered. The opposition has developed in the last few days—since Circuit Judge Irwin enjoined the state inspectors from slaughtering cattle. The only way to stamp out the disease is to kill the affected animals."

The farmers will be prosecuted, according to the district attorney. The law provides a fine of from \$100 to \$1,000 or from one month to one year imprisonment or both as penalty for a person interfering with any employee of the bureau of animal industry. Any person who discharges a deadly weapon at an employee of the bureau is liable to a prison term of not more than five years, according to Cline.

**Experts to Meet Assemblies.**

Springfield, Ill., Jan. 18.—Members of the general assembly will be advised first hand by experts tomorrow as to the extent of the ravages of the foot and mouth disease among livestock in Illinois, methods of combating and eradicating the plague and the probable loss that has been suffered by livestock owners of the state as a result of the epidemic.

Representative Homer J. Tice, chairman of the committee named last week by house members to gather information on the subject, held a conference with Governor Dunne and State Veterinarian O. E. Dyson this afternoon, at which it was decided that Tice shall call a conference of assemblies to be held after tomorrow's house session. Addresses will be made by H. V. Moore, dean of the veterinary department of Cornell University; D. R. Marshall, State Veterinarian of Pennsylvania; Dr. C. E. Bennett and U. G. Hauck, inspectors of the department of United States Animal Industry; State Veterinarian Dyson, J. E. Brown and Mr. Gregory, editors of livestock journals that have made a study of the disease.

Attorney General Lucey will go to Elgin Wednesday to enter officially a motion to dismiss the writ of injunction issued by Judge Irwin in the circuit court of Kane county, restraining State Veterinarian Dyson and his assistants from slaughtering any more infected animals, contracting to pay for any slaughtered animals or spending any state funds to bury slaughtered animals.

The state, through Attorney General Lucey, will contend that the injunction was directed against the wrong official, since Dr. Dyson and his assistants have acted merely in an advisory capacity and all orders for slaughtering have come directly from federal authorities.

Governor Dunne, Attorney General Lucey, State Veterinarian Dyson and members of the state livestock commission conferred together this afternoon and decided upon the policy to be pursued.

**MAY ABANDON FIELD MEET.**

Iowa City, Iowa, Jan. 18.—The Iowa state track and field meet may be abandoned this year as the result of a disagreement that has arisen in Iowa City and state athletic circles. The conflict involves the participation of seniors in the meet and many colleges declare they will withdraw unless their seniors are granted the right to compete.

### QUIZ ON ABSENTEE CONTROL.

New York, Jan. 18.—"Absentee stock control of industries" will be a subject of investigation by the United States Commission on Industrial Relations when it opens its hearings here today in the investigation of the Rockefeller, Carnegie and Sage Foundations. Basil M. Manly, in charge of the public hearings for the commission, says that the commission had come upon that phase of industrial development during the Colorado investigations. "The Colorado session of the commission developed that John D. Rockefeller, Jr., controlled and directed the Colorado Fuel and Iron Company's relations with its employees," said Mr. Manly. "Officials in Denver carried out Mr. Rockefeller's policies, with no personal responsibility on Mr. Rockefeller's part."

### POULTRY BOOKS AT THE PUBLIC LIBRARY.

Especially interest may attach to the books on poultry on account of the meeting of the Morgan County Poultry Association in Jacksonville the week beginning tomorrow. The library has a good collection of these books which in their field are surely as important as in history and which treat of the Roman eagles.

#### For Reference Use.

Bailey—Cyclopedia of Agriculture. "We have now learned that any real satisfaction in the rearing of poultry must come as the result of as careful study as that given to any other kind of live stock."

#### Circulating Books.

American Standard of Perfection, 1916.—"A complete description of all recognized varieties of fowls."

Bell—Poultry Management, 1907. "Published as Farmer's Bulletin 287. There are other Farmer's Bulletins, about ten in number, that treat in a very practical manner of various phases of poultry culture."

Cyphers—Catalog of Model Incubators, Breeders and Prepared Poultry Foods.

Cyphers—Eggs, Broilers and Roasters, 1906.

Cyphers—How to Make Money With Poultry and Incubators, 1907.

Cyphers—Profitable Care and Management of Poultry, 1903.

Hunter—Practical Poultry Houses and Fixtures, 1907.

Lewis—Productive Poultry Husbandry, 1913.

The above book which has only been in the library for two months has already proved a most useful book.

Parkinson—Guide to the Country Home, P. 69-82.

Pearl—Methods of Poultry at the Maine Agriculture Experiment Station, 1909.

Poultry for Pleasure and Profit. Poultry pamphlets issued by Experiment Stations in States adjacent to Illinois.

Powell—Making Poultry Pay.

## RECTOR WILL COME BEFORE CHURCH

Is Charged With Breach of Ordination Vows.

Philadelphia, Pa., Jan. 18.—Rev. George Chalmers Richmond, the spirited rector who has caused several sensations in the Protestant Episcopal church, must stand trial today before the Ecclesiastical court of the diocese. He is charged with breach of his ordination vows and conduct unbecoming a minister of the gospel, as the result of his recent declaration in which he accused Bishop Rhinelander of sending "ecclesiastical spies" in to his church to "breach I preach the truth I am persecuted," declared the militant rector. "Bishop Rhinelander has tried for a long time to make life unpleasant for me. If I were on trial for my life, I would sooner have a jury of burlesque actors than some of the clergy of Philadelphia. It's a good fight, and I welcome the opportunity to stand trial. I admit I wrote the letters they will produce against me. They have been trying to 'get me' for some time. It's all a fight for freedom of speech. I stand on my rights and I will fight for them."

"The Bishop was elected by a convention controlled by capitalists. The Holy Ghost was not present at that meeting. The diocese is the worst managed in the church. The Protestant Episcopal church in America has always taken its cue from J. Pierpont Morgan and Wall Street."

The reference of Dr. Richmond to capitalists strikes boldly at the letters in the case against him. They have to do with the proposal that Mrs. Sarah Conboy, a labor leader, be allowed to speak from the pulpit of St. John's church. In one of the letters Dr. Richmond committed the breach on which he is today tried. The letter reads as follows:

"My Dear Bishop: I am very sorry that my recent action in regard to Mrs. Conboy has plunged you into so much spiritual anxiety. Your extra precaution, both in the guarded way by which you sent me your message of warning and by sending your ecclesiastical spies into our church to watch and listen, were all out of place and uncalled for. They savored of the picaresque, the small and the mean. Tricky men are not great, large minded noble fellows. The next time such ecclesiastical appear at St. John's I shall call them up to the chancel and question them. They should be out preaching the gospel instead of doing our bishop's dirty work."

Dr. Richmond figured in a similar church quarrel while he was rector at Rochester, N. Y. He assailed a political leader and his church was dissolved. He attacked a brewer who was a vestryman, and kept the bishop on tenterhooks for several years.

## NORTHMINSTER REVIVAL SERVICE MONDAY.

The subject for this evening's sermon will be "Girls are meaner than boys."

"Hot Shots" by Evangelist Spooner. "A lot of Christians are just phonograph Christians, who pray a good deal but not with the hope of seeing results."

"A lot of you fellows around Jacksonville are like buzzards, because you never go to church only when you go to church to see some one dead."

"In this own like many other places in our country some people are making money by the hands full and some are going to hell in car-load lots."

"God Almighty has put out red flags of warning. And we are rushing past the warning signals, on to ruin."

"You cannot get religion by absorption any more than you can get an education by absorption."

"God have mercy on the little two by four preacher that is afraid to preach against the sins of some member of his congregation because he pays a few dollars to his salary."

The subject of the sermon last evening was "The Sin of Neglect". And the text was taken from Heb. 2:3.

At the close of the service two girls and four young men went forward.

## Ernest Maltravers

Adapted from the novel of the same name by Bulwer Lytton.

Overtaken by darkness, Ernest Maltravers seeks a lodging for the night in the cabin of Darvil, a gypsy robber. Darvil and his comrade, Rigo, plan to kill the stranger for his valuables, but are forestalled by Darvil's daughter, Alice, who warns Ernest to flee. Discovering what she has done, Darvil turns her out into the night. Maltravers finds her alone on the moor, and takes her away. Later, they are secretly married under an assumed name, through Ernest's fear of disinheritance by his father.

A newspaper story to the effect that his father is near death sends him post-haste to the old home, which he reaches just in time. After the funeral he returns to the cottage, but Alice is gone. She has been abducted by her father and Rigo. Eventually she escapes and, unable to find Ernest, wanders with her new born babe until fate rescues her. The manner in which Maltravers and his wife are brought together at last, under remarkable circumstances, is one of the most absorbing series of dramatic incidents ever conceived.

## IF MEALS HIT BACK AND STOMACH SOURS

"Pape's Diapiesin" Ends Stomach Misery, Indigestion in 5 Minutes.

If what you just ate is souring on your stomach or lies like a lump of lead, refusing to digest, or you belch gas and eructate sour, undigested food, or have a feeling of dizziness, heartburn, fullness, nausea, bad taste in mouth and stomach headache, you can get blessed relief in five minutes.

Ask your pharmacist to show you the formula plainly printed on these fifty-cent cases of Pape's Diapiesin, then you will understand why dyspeptic troubles of all kinds must go, and why they relieve sour, out-of-order stomachs or indigestion in five minutes.

"Pape's Diapiesin" is harmless; tastes like candy, though each dose will digest and prepare for assimilation into the blood all the food you eat; besides, it makes you go to the table with a healthy appetite; but, what will please you most, is that you will feel that your stomach and intestines are clean and fresh, and you will not need to resort to laxatives or liver pills for biliousness or constipation.

This city will have many "Pape's Diapiesin" cranks, as some people will call them, but you will be enthusiastic about this splendid stomach preparation, too, if you ever take it for indigestion, gases, heartburn, sourness, dyspepsia, or any stomach misery.

Get some now, this minute, and rid yourself of stomach trouble and indigestion in five minutes.—Advertisement.

## EVANGELIST SUNDAY ADDRESSES LARGE CROWD IN WASHINGTON

Cabinet Members, Congressmen, Diplomats and Government Officials Help Swell Big Audience—Sunday Warns Hearers that "God Must be Served."

Washington, Jan. 18.—"Billy" Sunday, the revivalist, visited Washington today, called at the white house and talked to some 5,000 people about "If Christ came to Washington." Members of the cabinet, congressmen, diplomats and government officials helped to swell the big audience that listened to the picturesque sermon of the baseball evangelist as he climbed upon a table and warned his hearers that "God must be served."

Champ Clark, speaker of the house, presided over the meeting and Secretary Bryan, Attorney General Gregory, Secretary Lane and J. P. Tumulty, secretary to the president, occupied seats on the platform.

A number of senators were present and Speaker Clark remarked, as he introduced the preacher, that a "glimpse of the house was on hand."

Sunday was a trifle hoarse, but he spoke for an hour with tremendous energy. He declared that he believed he "would not have to leave the corporate limits of Washington to find people who would vote to crucify Jesus Christ if he walked up Pennsylvania avenue today."

"Christ is already in Washington," he asserted. "He sees every false vote that you cast here or that is cast in your constituencies. His judgment of you or me is not based on what He reads in the Congressional Record."

As the assemblage arose to hear the preacher's final prayer he thanked God for "a president in the white house who bows his knee in submission to God."

The president was invited to the meeting but was unable to attend. His daughter Margaret Wilson and Miss Helen Bones, the president's cousin, were present.

## EXPECT REPLY TODAY.

London, Jan. 18.—(7:50 p. m.)—The British government probably will reply tomorrow to the request of the United States government that the former Hamburg-American Line steamer *Dacia*, which now flies the American flag, be permitted to make one trip with cotton from the United States for Germany without the voyage being considered a precedent establishing the right of German ships interned in the United States to be transferred to the American flag and then resume interrupted trade with Germany. The opinion is general in official circles that Great Britain cannot make an exception in this instance.

CONFESSES TO MURDER CHARGE—Galesburg, Ill., Jan. 18.—Confronted with his own bloody shirt and handkerchief in which \$92 was concealed, Harrison Markwell, a hotel employe, today confessed to the murder of U. ## BULAND IS REPRIMANDED BY BOARD OF EDUCATION

MEMBER OF THE HIGH SCHOOL  
FACULTY CRITICIZED.

Board Adopts Resolution Reprimanding Coach of Athletics for not using His Influence to See that the High School Lives up to Rules of the Illinois High School Athletic Association—Board Opposes Mid-Year Class Promotions.

A special meeting of the board of education was held at the city hall Monday evening for the purpose of adopting resolutions and buying supplies for the open-air school. A roll call showed every member present.

Member Wells moved that the call be accepted and acted upon. Seconded by Member Imgrund. Motion carried unanimously.

Member Clampt, as chairman of the teachers committee, then arose and said: "Owing to some misunderstanding concerning the rules and regulations of the Illinois High School Athletic association of which we are a member, I feel that the people of this city are entitled to know what the rules are. Of course, the Board of Education is elected to perform duties as prescribed by law. It selects the superintendent and intrusts him to carry out the duties pertaining to school matters to the best interests of the schools. The principal is also chosen to carry out the laws and rules of the school. I do not believe that it has been the intention of any members of the faculty to disregard the laws as laid down but as long as we are members of the association every member ought to abide by the laws of the organization. So that the people of the city may understand the laws of the state athletic association of which we are a member I introduce the following resolution:

Whereas: The Jacksonville high school is and has been for several years last passed, a member of the Illinois High School Athletic association, in good standing; and,

Whereas: Said Illinois High School Athletic association has a constitution and by-laws, which rules and regulations must govern and control all of the acts of the said Jacksonville high school as well as all other high schools belonging to said association; and,

Whereas: This ruling made it possible for the football boys last year to secure their sweaters and the basketball boys not to secure theirs; and,

Whereas: Said association did in its conference at Urbana, Illinois, in November, 1913, present, adopt and make a part of its by-laws—Sec. 23, which is as follows: "No reward of any kind having utilitarian value of more than one dollar shall be made to players participating in interschool athletics. Any member of the association violating this rule shall be suspended for one year;" and,

Whereas: The officers, namely, F. M. Giles, president; James H. Newlon, vice-president and Henry E. Brown, secretary and treasurer, and who constitute the board of appeals and who hear all complaints, decide protests and interpret the rules of the board later did decide

that said section, namely, section 23, would not become effective until the second semester of said school year, namely, February 1914; and,

Whereas: This decision of the board was much debated in the Jacksonville high school and was taken up by Mr. Collins, then principal of the high school, and now superintendent of the public schools, and by Mr. H. M. Buland, then as well as now, coach of the said high school, and after a full discussion, said parties were informed by said Newlon that neither through gifts by the school or by any one else could any basketball student receive sweaters because it would violate the spirit of section 23 by the by-laws; and,

Whereas: As a consequence of such a ruling said basketball boys of 1914 did not receive sweaters; and,

Whereas: On or about Dec. 17, Mr. Geo. W. Davis, mayor of the City of Jacksonville and president of the Board of Education ex officio, came to the school house, called the school house, called the boys together and stated he had a person who would give a large share of the money to purchase sweaters and that he would give some of it himself, provided they would make up the balance and that the said mayor requested the principal of the high school to let these boys go down town in a body to see the merchants and collect the remainder of the money. They were excused and went down and collected most of the money; that since that time, the said football boys had another meeting and made up their minds to pay the remainder of the money themselves, namely, 40c; and,

Whereas: The said board have been further informed that the superintendent of schools was informed on or about the 21st of December that there was some move on to get the boys sweaters; and,

Whereas: Superintendent knew it would be a violation of by-law 23, and that said high school would be subject to suspension from the said Illinois High School Athletic association; and,

Whereas: Said superintendent requested the principal of the high school to call the athletic committee together and discuss the matter; and,

Whereas: It was decided in said committee meeting that the principal of the high school should write Mr. F. M. Giles, president of said association for another decision on this question since the former decision was not satisfactory to some of the committee; that said coach was to see the mayor and football boys and to see that nothing further would be done until the answer was received to the principal's letter and that this would all abide by the decision therein rendered, whether for or against.

Whereas: Said principal was just leaving for his former home in Michigan; that he did write said letter and had said Coach Mr. H. M. Buland, sign it and did request that he said Giles answer the said Buland; and,

Whereas: Said Buland did receive said letter during vacation; and,

Whereas: The contents of said letter was revealed to the said mayor and later to the athletic manager and the principal of the high school but never shown to any of said persons; and,

Whereas: Said superintendent did not receive any information concerning said letter whatever, until Jan. 16, and was unable to see said letter until Jan. 18; and,

Whereas: Said board of education has this day been informed that the sweaters have been ordered from J. F. Brennan's hardware store and that when they arrive in the city, they will be presented to the said high school football boys as a reward for their services; and,

Whereas: Said letter makes the following statement, "According to the instructions given to the officers of the association at Urbana the giving of sweaters to teams by outside parties is contrary to the spirit of by-law number 23." Such action would effect the standing of the school in the association.

Now, therefore, We the Board of Education seeing that rule 23 forbids the giving of any gifts of utilitarian value to exceed one dollar to anyone of our athletic students and that by a former ruling of Mr. Newlon's as well as the late ruling of Mr. Giles, it is contrary to the spirit of the law for any party to give sweaters whether through ourselves or outside parties to any of our athletic students. We order and instruct our superintendent to take all necessary steps to see that rule 23 is not violated and that if there be any attempt upon the part of the students to receive sweaters contrary to such a rule or to wear them in said school to take the necessary steps to stop such violation and thereby save Jacksonville the disgrace of having its high school suspended, and we further desire and do reprimand Coach Buland for his negligence in not furnishing his letter to the superintendent of schools and for not exerting his influence to see that said school lives up to the rules of said association.

Immediately after the reading of this resolution Member Clampt said: "I move this resolution be adopted and placed on file."

Member George Imgrund seconded the motion.

Upon roll call it carried unanimously.

Member Clampt then announced another resolution which he wished to offer, opposing said mid-year promotions from one building to another. This resolution is as follows:

Whereas: The Board of Education has had inquiry made of the teachers employed in the public schools of Jacksonville, Illinois, as to whether they favor the retaining or doing away with class mid-year promotions and retain the yearly promotions and such individual promotions at such times as the principal, superintendent and teacher in-

terested, deem for the best interest of the student; and,

Whereas: All of said teachers, with a very few exceptions, have expressed their opinion, that they do not believe at the present time, that said mid-year promotions are for the best interest of said schools under present conditions; and,

Whereas: Said principals did place themselves on record in a principal's meeting heretofore called by the superintendent of schools, as favoring the doing away of any transfer of classes from one building to the other and such re-arrangement of classes and individual promotions as are deemed best by the said superintendent, principal and teachers interested; and,

Whereas: Said teachers did give as a reason for their opinions and actions, the insufficient number of teachers in the high school, to do equal justice to all students promoted in the middle of the year as well as the first of the year, the lack of room in the new seventh and eighth grade building, and the short time students were permitted to remain with the teacher.

Now, therefore, We, the Board of Education express ourselves in favor of the motion heretofore passed by the principals in their said meeting and order our said superintendent to instruct the teachers through their principals, that there will be no mid-year class promotions from one building to the other; that such classes, as are deemed proper will be re-organized in the building in which they are located and such additional instruction given said classes as to keep them fully occupied for the remainder of the year by the teachers in charge; that said organization of classes and instruction will be planned and supervised by the superintendent and principal of each building and that as near as possible similar work will be given in classes of the same grades in different buildings at the same time with the express understanding that any student who is able to do advance work shall have the privilege of doing so whether in the same building or not.

After reading the resolution Member Clampt moved its adoption. Member Rogerson seconded the motion and same was adopted by a unanimous vote.

Member Wells said there were a number of different things needed at the open-air school in the way of supplies for the teacher. He said

terested, deem for the best interest of the student; and,

## STATES SEVEN GOVERNORS COULD MAKE MORE MONEY AS ENGINEERS

Attorney Sheehan Outlines Railroad Side in Western Wage Arbitration Case.

Chicago, Jan. 18.—Governors of seven states of the union could make more money sitting in the cab of a locomotive on some of the runs of western railroads than they now receive in the executive chairs of their respective states.

This statement was made here today by James M. Sheehan, attorney for the western railroads whose engineers, firemen and hostlers are demanding higher wages and better hours, in outlining the railroad side of the case to the board of arbitration. Presentation of evidence for the men began Nov. 14th, 1914 and was completed today after which Sheehan made his remarks.

Sheehan went on to say that the annual salaries of these governors are smaller than the wages received by some of the locomotive engineers of western railroads which ask increases which Sheehan said would amount to \$40,000,000 a year.

"Of the 5,000 men whose wages for the entire year to June 30th, 1913 will be shown," Sheehan continued, "there is a maximum of \$3,725.20 for passenger engineers; \$3,342.30 for freight engineers; \$1,752.20 for passenger firemen and \$1,890.32 for freight firemen. Against these maxima the governors of seven states receive \$3,000 a year or less, while those of seven other states receive \$4,000 or only slightly above the engineer's maximum earnings."

Project Comprises 231,000 Acres in Colorado, Mostly in Forest Reserves.

Washington, Jan. 18.—The senate bill to establish the Rocky Mountain National Park comprising 231,000 acres in Colorado, mostly in forest reserves, was passed by the house today, after adoption of some minor amendments. There was practically no opposition.

Republican leader Mann told the house that he thought the day would come when "the vast horde of Americans who now go to see the mild scenery of Europe will go to see the grand scenery of the Rocky mountains."

A provision that all funds derived from concessions, privileges or other sources within the park shall be expended in the park was stricken out.

## CITY USING WATER FROM MORGAN LAKE

The city water supply just now is a mixed product, as it became necessary Saturday to pump some water from the lake. This was occasioned by the shutting down of one of the wells at the north side pumping station. It was found that well No. 4 was not producing the accustomed volume and Commissioner Brennan on investigation found that the casing was worn out and the water as it was pumped instead of flowing through the pipe to the cistern, went back into the well. A new casing will be necessary and it will take two or three days to complete the work of installing it. This fact accounts for the water not being up to the standard of clearness which has prevailed for some months past.

Oh, friend, protect your faithful steed, which cannot well explain its need, as human speakers do. It cannot tell a tale of woe, but for all comforts it would know your horse must look to you. When it is suffering distress it can't write letters to the press, like wrathful human souls; beneath its burden it must pant; it has no vote, and so it can't rebuke you at the polls. When wintry tempests howl like sin you wrap yourself from head to chin in things that keep you warm; into a cap your head you shove, and on each hand you put a glove, and you defy the storm. But Dobbin stands tied to a post, out where the blizzard blazes most, with shaking bones and thaws; if horses wept he'd shed some tears; he has no earmuffs on his ears, he has no overshoes. His silent protest is in vain, unless some officer humane should take him to the barn; you know your horse is freezing there, yet bask at ease and do not care the fraction of a darn. I do not see how you get on sit around in calm content upon a stormy day, and know his horse is standing tied out where the wind can pierce its hide, and turn its blood to whey.

## HORROR OF WAR DOMINATES FEELINGS OF THE BRITISH PEOPLE

Viscount James Bryce Says Only Exception is Resolution to Fight for Deliverance from Another Armed Peace.

New York, Jan. 18.—The horror of war dominates all feelings of the British people except that of a resolution to fight for deliverance from another armed peace. Viscount James Bryce, former British ambassador to the United States, declared in a letter to Nicholas Murray Butler, President of Columbia University and chairman of the American League to limit armaments. Viscount Bryce's letter, made public here today says:

"We have been reading with interest your articles about military preparations and the creation of great armaments in the United States. Is there really a large party that desires that? Here some people live in fear lest in fighting German militarism we end by creating a British militarism, but of this I do not think there is much danger. The horror of war dominates every other feeling except that of a needed resolution to fight it through and deliver us from another armed peace."

## COLORED WOMEN VOTERS AS ELECTION OFFICIALS

Petition City Council for Representation at the Polls—Barbers Want Statute Passed Against Sunday Opening.

At the city council session Monday morning, a committee representing the colored women voters of the city suggested to the council that they should be represented among the women chosen to serve as election officials. This committee included Mrs. C. M. Sharp, Mrs. Laura Lafayette, Mrs. Leonora Kennebrev, Mrs. Mazie Mallory and Mrs. Jerry Rollins. Mrs. Laura Lafayette spoke for the committee and said that they had no special names to suggest, but that they thought in all fairness that the colored women of the city should be represented in the list of women finally selected by the commissioners to serve on election day. They were prompted to bring the matter to the attention of the council from the fact that the list filed by the civic league did not contain the names of any colored women.

Mayor Davis, Mr. Brennan and Mr. Knollenberg each said that they had some colored women in mind to suggest for work on election day and read out the names that had occurred to them. The committee said that they had no choice as to whom should serve, just so they were represented.

A. B. Opperman was present on behalf of the barbers' union and other labor bodies to ask the council to pass an ordinance which will make it illegal for any barber shop to remain open on Sunday. Mr. Opperman said that the matter came up about a year ago before the council and that the city attorney at that time maintained that the statute on the city books was probably enforceable, and did not favor any new ordinance until the old one had been proved non-effective. Mr. Opperman said that a case had recently been brought against Richard Hocking for opening his barber shop on Sunday, and that there was a chance of the city losing it because under the existing ordinance it is necessary to prove that a nuisance is being maintained in order to secure a conviction. He said, further, that City Attorney Thompson had recently decided that a new ordinance would be desirable. The speaker then presented to the council an ordinance which he said is in effect in Springfield and has been upheld by a circuit court and by the supreme court of Illinois.

Mr. Engel said that it didn't seem to him consistent for one union to be asking for an ordinance referring to Sunday closing when the union to which the musicians belonged had recently been trying to have Sunday entertainments. Mr. Newman said that he was in favor of the ordinance if it did not interfere in any way with the band concerts. Mayor Davis said that a reading of the ordinance would show that it referred only to barber shops and that no effort was being made to have any other line included. He said, further, that he was in favor of the adoption of the ordinance. Mr. Newman then suggested that the ordinance be given a first reading and that was done. The language of the ordinance is as follows:

Section 1. Whoever shall, on Sunday, keep open or permit to be kept open, his place of business, or shall pursue his daily labor or occupation within said city, shall, on conviction, be fined not less than ten dollars (\$10.00) nor more than fifty dollars (\$50.00), provided that this section shall not be applicable to persons who conscientiously observe some other day of the week as the Sabbath, nor in case of necessity, nor to hotels, eating houses, drug stores, tobacco stores, livery stables or street cars.

Section 2. This ordinance shall be in full force and effect from and after its passage, and due publication.

The council then adjourned.

IS STILL OPEN FOR YOU TO JOIN

AND INTEREST ON YOUR DEPOSITS WILL ACCRUE FROM DATE CLUB STARTED.

The Dimes, Nickels and Pennies you allow to slip through your fingers for things of little use to you will keep up your payments. Do not postpone joining for soon it will be too late.

When we opened our new Bank Building two years ago, we started our first Club and in December of that year paid about Seven Thousand Dollars.

One year ago, our second Club was started, and the week before Christmas we paid out to our Club members nearly Twenty-five Thousand Dollars.

## This Money Went Into the Channels of Trade

The members had funds for their Christmas shopping and merchants were benefitted because the members had money to spend. Those who have tried it, like it, and they say they are going to join again.

You ask them what they think of it and what they say is the strongest proof of its advantages we can offer you.

It ought to amount to Fifty Thousand Dollars this year, and we believe it will. Just think what that will mean to you Christmas week of this year.

Call and let Mr. J. J. Kelly, our Savings Teller, explain the plan to you.

## FARMERS' CLUB FOR MORGAN CO. PEOPLE

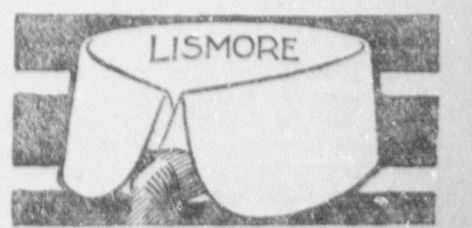

J. A. Groves believes that the Morgan County Farmers' club can become an important factor in the development of interests relating to farmers. He read an article recently which described the headquarters which a farmers' club maintains at Seymour, Ind. The organization has an office and with rest rooms attached which are available for their families when they visit the city. There is also a shed where the farmers who drive teams may feed them, and there are also other conveniences. Mr. Groves thinks that such an enterprise could be maintained here, and that in

connection therewith all kinds of improved farm machinery could be exhibited, not for sale but simply demonstrated as to use and value. He believes that these things would tend to a greater spirit of co-operation among farmers and that such a spirit would result in the saving of many dollars.

CRYING FOR HELP

**Lots of It in Jacksonville But Daily Growing Less.**

The kidneys often cry for help. Not another organ in the whole body more delicately constructed; not one more important to health. The kidneys are the filters of the blood.

When they fail the blood becomes foul and poisonous.

There can be no health where there is poisoned blood.

Backache is one of the frequent indications of kidney trouble.

It is often the kidneys cry for help. Heed it.

Read what Doan's Kidney Pills have done for overworked kidneys.

Mrs. Eva Martin, 902 Hackett Ave., Jacksonville, says: "I have taken Doan's Kidney Pills for several years and I know them to be a good, reliable remedy. When I have a pain in my back and my kidneys do not act regularly I get Doan's Kidney Pills at Armstrong's Drug Store. They bring me great relief and I have no hesitation in saying so."

A HAPPY CHILD IN JUST A FEW HOURS

**If Cross, Feverish, Constipated, Give "California Syrup of Figs."**

Mothers can rest easy after giving "California Syrup of Figs," because in a few hours all the clogged-up waste, sour bile and fermenting food gently moves out of the bowels, and you have a well, playful child again. Children simply will not take the time from play to empty their bowels, and they become tightly packed, liver gets sluggish and stomach disordered.

When cross, feverish, restless, see if tongue is coated, then give this delicious "fruit laxative." Children love it, and it can not cause injury. No difference what ails your little one—if full of cold or a sore throat, diarrhoea, stomachache, bad breath, remember, a gentle "inside cleanser" should always be the first treatment given. Full directions for babies, children of all ages and grown ups are printed on each bottle.

Beware of counterfeit fig syrups. Ask your druggist for a 50-cent bottle of "California Syrup of Figs," then look carefully and see that it is made by the "California Fig Syrup Company." We make no smaller, or size. Hand back with contempt any other fig syrup.—Advertisement.

DRINK HOT TEA FOR A BAD COLD

Get a small package of Hamburg Breast Tea, or as the German folks call it, "Hamburger Brust Thee," at any pharmacy. Take a tablespoonful of the tea, put a cup of boiling water upon it, pour through a sieve and drink a teacup full at any time. It is the most effective way to break a cold and cure grip, as it opens the pores, relieving congestion. Also loosens the bowels, thus breaking a cold at once.

It is inexpensive and entirely vegetable, therefore harmless.—Advertisement.

Drive Catarrh Germs From Nose and Throat

**Only Way to Really Cure Catarrh Say Noted Specialists.**

The germs of catarrh breed, thrive and multiply by the million far up in the air passages of the nose, throat and lungs of every catarrh victim. Catarrh is a germ disease and you cannot get rid of the disease until you get rid of the germs. The best specialists seem agreed on this point.

You can't kill germs with ointments or lotions, etc., which you sniff up your nose. These may clear your head and let you breathe easier but they do not reach the germs. Stomach dosing may purify your blood, but it doesn't kill the germs nor does it cure Catarrh.

There is just one safe, sensible and invariably reliable way to reach and destroy catarrh germs and thus stop catarrh forever. Breathe into your nose, throat and lungs the medicated, germ-killing air of Hyomel which is made from the pure, healing oil of Eucalyptus combined with powerful germicidal ingredients which are certain death to every catarrhal germ they reach. The air of Hyomel breathed deeply is so penetrating it reaches into every nook, corner and crevice of your nose, throat and lungs where germs can possibly hide or breed. Its an easy treatment. You'll like to breathe Hyomel. Its odor and effect is pleasant to everyone but the mischief making germs themselves. They don't like it, simply can't stand it and are completely driven from your body taking Catarrh itself with them. Hyomel is a standard preparation recognized by physicians and druggists everywhere. It is so well thought of here that Coover & Shreve and many other leading druggists in this vicinity sell it with an absolute guarantee of successful cure or money back. No catarrh sufferer therefore assumes any risk in giving it a trial. Tear this notice out of the paper now and show it to your druggist as you ask for Hyomel. Be sure to ask him for the complete Hyomel outfit as this contains a Free inhaling device which is very necessary to use to get the best results.—Advertisement.

EUROPEAN WAR NOTES

Paris, Jan. 18.—(10:35 p. m.)—The following official communication was issued tonight:

"Following the blowing up of an ammunition depot caused by the bursting of a shell, that part of the village of Laboisselle—about 20 miles northeast of Amiens—occupied by our troops was burned and we are compelled to evacuate. The evacuated territory was recaptured by us, however, in a vigorous counter attack on the morning of the 18th.

"The enemy has bombarded St. Paul, near Soissons.

"In the campaign some German aeroplanes have flown over our positions. The aeroplanes were only slightly damaged by our fire. Four aviators in them were made prisoners.

"In the Argonne some desultory cannon and rifle firing has taken place.

"From the Argonne to the Vosges now storms prevail."

Petrograd, Russia, Jan. 18.—The general staff of the Russian army today gave out an official communication reading as follows:

"On the left bank of the river Vistula we delivered a counter attack the night of January 17th and we re-occupied certain trenches near the village of Goumine which the enemy had captured the night of Jan. 16th. The German detachments defending these trenches were virtually annihilated. The subsequent efforts made by the enemy in this locality to attack were without success.

"The same night the Germans tried to assume the offensive on the Goumki-Vissoufka front but they were discovered in time by our searchlights and were dispersed by our fire.

"In the region to the east of Piotrkow (south of Lodz) our artillery has destroyed an armed motor car of the enemy. New attempts made by the Germans to bombard Tarnow (in Galicia) with heavy guns was frustrated by the excellent fire of our artillery.

"There is nothing of importance to report on our other fronts."

Berlin, Jan. 18.—By wireless to Sayville, L. I.—An official communication issued by the Turkish army headquarters today says that violent fighting is in progress near the Caucasian frontier against Russian reinforcements.

It also was reported from Constantinople that the destruction of the French submarine Saphir, reported on Saturday to have been sunk by Turkish artillery, was due to striking a mine at the entrance of the Dardanelles. Turkish motor boats rescued the survivors.

London, Jan. 18.—(7:16 p. m.)—In a despatch to Reuters' Telegram company from Athens the statement is made that Adrianople, after Constantinople, the most important city in Europe, has been abandoned by the Turkish garrison.

London, Jan. 18.—(8:55 p. m.)—The Exchange Telegraph's Vienna correspondent in a despatch sent via Copenhagen says that 119 Austrian casualty lists, which do not include the losses of the last two months, give the following totals:

"Officers killed, 2,263; officers wounded, 8,980; officers captured, 628.

"Men killed, 40,824; men wounded, 231,160; men captured, 9,502."

The last five Prussian casualty lists, according to the correspondent gives the name of 26,764 officers and men killed, wounded or missing, making the total Prussian losses as disclosed in 136 lists, 877,197.

Vienna, Jan. 18.—Via Amsterdam and London, Jan. 19.—(12:15 a. m.)—The official statement issued here today says: "North of the Vistula no events of importance have occurred. On the heights to the east of Zakluzhka (Galicia) our artillery by a concentric fire, forced the Russians from some of their first trenches. Finally the enemy evacuated the trenches for a distance of six kilometers (about 2 1/2 miles) along his front and retired in disorder under the effective fire of our artillery and our machine guns to the nearest line on the heights leaving numerous rifles and quantities of supplies.

"On the rest of the front in west Galicia there has been only an artillery battle.

"In the Carpathians the fighting has been insignificant, merely between patrols."

What Cures Eczema?

We have had so many inquiries lately regarding Eczema and other skin diseases, that we are glad to make our answer public. After careful investigation we have found that a very simple wash of Oil of Wintergreen, as compounded in D. D. D. Prescription, can be relied upon. We would not make this statement to our patrons, friends and neighbors unless we were sure of it—and although there are many so-called Eczema remedies sold, we ourselves unhesitatingly recommend D. D. D. Prescription.

Drop into our store today, just to take over the merits of this wonderful prescription.

CONTRIBUTIONS WERE LIBERAL FOR JEFFRIES' BAND

Over One Hundred Dollars Raised at Northminster Church Sunday Afternoon—Fine Program Rendered by Musical Organization.

The band concert at Northminster church Sunday afternoon attracted a large and well pleased audience. The musicians all were at their best and carried out the program as already announced with the exception of the first number which was changed to The Pilgrim Chorus from Tannhauser. Mrs. Wilson sang with great acceptance and received most hearty applause while Esther Spoonits very capably accompanied on the piano. A fine feature of the occasion was the singing of a chorus of fifty men led by Prof. Beckman. The contributions for the band amounted to \$104.75.

In a very happy manner Rev. W. E. Spoonits spoke of the occasion, paid a great compliment to the band as musicians and gentlemen and asked for a liberal contribution for them. The gentleman's remarks put every one in good humor and a good contribution was the result.

Mr. Jeffries spoke briefly.

We are grateful for the kind words said and for all that has been done for the band. It is unfortunate that membership in the band is a handicap when seeking for employment. We would like more members but business men don't like to employ band members on account of the calls the band has to take its members away.

Rev. Percy W. Stephens spoke in hearty commendation of the band paying the members a fine tribute. He hoped they would have abundant support by the people, especially as they had so kindly listened to the request made of them.

As a final number the band played, "Nearer My God To Thee" and the vast audience was invited to rise and sing a verse of the well known hymn, the band accompanying.

Arthur Spainhower of Waverly was a Monday business caller in Jacksonville.

## Blood Destruction Stopped and Rebuilt

Worries Overcome, Evidence  
Brushed Away. The  
Skin Cleared.

S. S. S., the famous blood purifier, is man's architect. It contemplates the damage done and repairs the damage. It also looks after the possible damage and corrects all tendency to blood eruptions, decay of bones, clogging of joints and any and all of those myriad of destructive effects such as rheumatism, catarrh, swollen glands, sore throat, bronchial affections and the host of infirmities so well known as being caused by impure blood. And now, why should S. S. S. do all this? Simply because it is Nature's antidote, a remedy of searching influence. It contains a powerful, natural ingredient, that sweeps its way to the skin. And in doing this it not only annihilates destructive germs but causes them to be so converted that they are easily and harmlessly voided, expelled or destroyed and then driven out through the natural outlets of the body. Thus let S. S. S. be your safeguard in all blood troubles no matter what they are. It won't fail you. Get a bottle today of any druggist but refuse any and all substitutes.

Get in communication with the medical department. Write The Swift Specific Co., 54 Swift Bldg., Atlanta, Ga. This special advisory work on blood troubles has been of incalculable benefit and has cured a host of sufferers.

## GENERAL RINAKER HAD A NOTABLE CAREER

Well Known Illinoisan Who Died in  
Florida Had Been Prominently  
Identified with History of the  
State.

Mention has already been made of the death of Gen. John I. Rinaker, one of the historic figures of Illinois, Friday morning at his winter home in Eustis, Florida. He was eighty years of age and had not been quite well for some time.

Gen. Rinaker had a hard time when he was young, being left without the care of parents but he was fortunate in receiving the loving attention of a christian foster mother and though she was poor and not well educated she did her best for the poor boy committed to her care and to his credit he said he was never ashamed of her.

The writer well remembers attending an old settlers' gathering at Franklin a good many years ago, when Gen. Rinaker was the chief orator of the day and was seated on the platform either before or after the exercises when his foster mother, a plain, old lady, approached the stand and called:

"How do you do, John?"

Cordially he greeted her and they talked together quite a while and the good lady went away with a beaming face because her "John" had not forgotten her though he was then a great man.

When the civil war broke out he was already a man of considerable prominence and as colonel led the 122nd Illinois Infantry and saw plenty of active service. In the engagement at Parker's Cross he received a wound that nearly cost him his life and gave him much trouble afterward. In that battle his regiment lost 25 killed, 58 wounded and one missing. He did gallant service and was mustered out with the rank of brigadier general.

The late Major Callon was in his command and always sought him out when opportunity offered and though of different political faiths the two always maintained a warm friendship for each other.

He returned to his home in Carlinville when mustered out of the service and again took up the practice of law and rose to eminence. He took an active part in politics and was a striking figure in many conventions. In 1872 and 1876 he was a presidential elector and was several times a candidate for various offices. In 1880 he was a prominent candidate for U. S. senator and finally was beaten by Shelby M. Cullom after a hard contest. He was later a candidate for lieutenant governor but was beaten by John C. Smith. In 1885 Gov. Oglesby appointed him head of the railroad and warehouse commission and in that capacity he did good work. His election to congress will be remembered by all. He was the opponent of Finis E. Downing of Virginia. The latter received the certificate of election but a contest sealed the general.

Besides Mrs. Rinaker, the widow, General Rinaker leaves four sons. They are Samuel Rinaker of Beatrice, Neb.; former County Judge Lewis Rinaker, late of Chicago but now of Maucoupin county; Thomas Rinaker of Carlinville, former representative, and John I. Rinaker, Jr., of Springfield.

For many years the elder Rinaker had practiced law with his son, Thomas. There probably was not a better known member of the bar in any local community of the state than the general. He was popular and his word was regarded as authority in many ways. For a man of his years he has been unusually active. His practice of law, in fact, has been up almost to his latest departure for the south.

## Vest Pocket Remedy That Quickly Ends Indigestion

Eat What You Please and Never  
Fear After-Digestion.

There is a perfectly safe and sure way for you to eat whatever your stomach craves and do it over again the next day. Many will say, "How I wish I could eat that, but I have tried and every time it nearly kills me."

People get in a condition like this only because they are not taking proper care of their stomach.

Every stomach has a lot of work to perform in digesting the food and if crowded with extra labor it rebels and kicks up a fearful disturbance. There is a simple harmless, inexpensive and most effective prescription, easily obtained at any drug store called Mi-o-na that will quickly stop this disturbance. These little vest pocket Mi-o-na Stomach Tablets were especially prepared to regulate out-of-order stomachs. They not only help the over-worked digestive organs by increasing the flow of gastric juices, but surely and safely build up and strengthen the stomach walls so that the stomach can care of the food as nature intended.

It's needless for you to suffer with indigestion, heartburn, biliousness, sour, gassy or upset stomach, for Mi-o-na will give prompt and lasting relief every time. Do not delay, but get some of these indigestion ending tablets from Coover & Shreve or other leading druggist today. Be sure you get Mi-o-na and accept nothing else, as Mi-o-na is always sold with the understanding that if it does not banish all stomach distress your money will be returned on request.—Advertisement.

## INCOME TAX FACTS.

Collector of Internal Revenue J. L. Pickering, of Springfield, is urging everybody liable to income tax to file their returns for 1914 at once. Last year many neglected this duty, and paid heavy penalties to avoid prosecution.

If your net income was \$3,000 or more for the entire year 1914, you must make return to Collector Pickering not later than March 1, upon a form he will send on request. In determining your net income, do not consider your specific exemption of \$3,000 if single, or \$4,000 if married and living with your wife. Crops and live stock should be returned as income for the year in which they are sold.

All money received (or due and payable) during 1914, for wages, rent, interest, profits in business, profits of partnerships, etc. should be included as income.

All taxes and interest paid are proper deductions, as well as expenses in operating your personal business.

Accounts due and payable on Dec. 31, 1914, should be returned as income for 1914. If any of these are marked off the books as a "loss" the taxpayer is allowed the amount of such losses in his return for any subsequent year when he determines they are not collectible, and has charged them off his books.

Expenses of administration of an estate, such as court costs, attorney's fees, executor's commission, etc. are chargeable against the corpus of the estate and are not allowable deductions in a return of a beneficiary or of a fiduciary.

Recent Rulings Under Emergency Revenue Act.

Under the emergency revenue act, the collector advises, a new ruling has been made, (canceling a previous one) which states that "transfers of stock of a building and loan association which makes loans only to its members, are not subject to the tax under the Act of Oct. 22, 1914. Notes, however, given to or by such associations are taxable."

Another ruling exempts from stamp tax conveyance of land from husband to wife or wife to husband, or parent to child where the consideration is "love and affection," or similar expression. These deeds were taxable for the actual value of the realty conveyed, under old rulings.

A contract for sale of realty, if made by owner of the property, is not taxable. If executed by a broker the tax is ten cents.

No tax on options to purchase land.

No tax on leases which convey no title.

No tax on release deeds or deeds of trust.

Deeds issued by masters in chancery, sheriffs, etc. to cover transfer of realty sold under foreclosure or execution, are taxable.

In exchanging realty, the deeds transferring title are subject to tax, which should be computed on the basis of actual value, amount of encumbrances being deducted.

Property can be transferred to a building and loan association to secure a loan, to be immediately reconveyed to its owner, without stamping the deeds.

A deed may be given to a "straw man," by husband and wife, without a stamp, and the conveyance to the wife also is exempt.

Due bills given by merchants are taxable as promissory notes.

Checks making overdrafts at banks are not taxable, unless they are accepted and used in lieu of promissory notes.

Dividend checks are not taxable.

Certificates of "proof of loss" are not taxable.

Township collector's bond is not taxable.

Bonds given by dramshop keepers to a municipality in pursuance of law, are not taxable.

Certificates of marriage given by officiating magistrate or minister are not taxable in Illinois.

Acknowledgments to deeds and mortgages are not taxable.

**CIVIC BETTERMENT WORK IS URGED**

Address Made Sunday Afternoon by Rev. D. S. Johnson Outlined Some of the Great Needs.

Sunday afternoon at the close of the band concert at Westminster church nearly all the audience remained to hear Rev. D. S. Johnson, speak for the civic league work. The gentleman is a forceful speaker and for some time spoke rapidly and strongly for the cause he represents. He pleaded for improvement in municipal, state and national affairs, showing by carefully prepared statistics how great is the need.

He also paid the home especial attention emphasizing the fact that if the citizens of this land are to be reared for useful maturity they must have healthy, moral parents who will give the best of training. He told of the appalling number of children blind through errors of the fathers and showed the great need of improvement all along the line.

He told too of the great need of temperance and mentioned the gratifying increase in the sentiment in that direction and predicted that before many years this country would be dry from ocean to ocean.

## SUNDAY SERVICES AT NORTHMINSTER CHURCH

Day Proved Profitable One and a  
Large Crowd Attended.

The interest in the meetings at Northminster church continues to increase as the days go by. Sunday morning there was a large attendance at Sunday school and at the close a hundred little folks, members of the children's church, filed into the main audience room, took the special seats assigned them and heard the discourse meant for them. The pastor took a street car for his theme and remarked that the track was the bible which would always lead us aright; the passengers are ourselves and the power in the trolley is the spirit of God.

The text for the morning discourse was from John 6:68, "Lord to whom shall we go for thou hast the words of eternal life?"

The speaker dwelt on Christ as the way of life and the only way; a way we may all travel; a source from all may receive strength; a Savior who will save us from our sins and give us all eternal life; one who will not cast out any who come to Him.

The singing was especially fine under the leadership of Prof. Beckman. The gentleman also sang with fine effect a solo entitled, "Who shall stand before Him?"

In the evening the whole house, including the gallery, was filled and some chairs were brought in. The singing was again superior and Prof. Beckman sang a solo, "O Glorious Day," and Uriel Gouveia and Miss Rinda Veira sang with fine ability a duet, "Take up Thy Cross and Follow Me". Another very acceptable musical number was a solo by the pastor who sang an old time southern melody, "O, Brother, Will You Meet Me on Canaan's Shore?"

The subject of the evening discourse was "the theme of my life" and the text was "He shall be called Wonderful." All the way through the Savior was depicted to the audience as wonderful in so many ways and each was demonstrated by a passage of scripture aptly quoted. Christ is wonderful in what He did for us and is to us. He lived here for our example; a spotless life of 33 years without sin though sorely tempted. He is risen our justifier. He ascended our head and His coming is our hope. He was wonderful as prophet, priest and king.

**PROMINENT ILLINOIS BANKERS IN JACKSONVILLE TODAY**

Ex-presidents of the Illinois Bankers' Association here as guests of E. E. Crabtree—will go to Chicago tonight for mid-winter meeting of Executive Council.

The ex-presidents of the Illinois Bankers' Association are in Jacksonville today as the guests of E. E. Crabtree. With the exception of two who came in on night trains the bankers arrived in a special car over the Wabash this morning. A number of them are residents of Chicago, and others journeyed there from various parts of the state in order to make the trip with the party. The visitors will be guests at the Crabtree home at breakfast which will be served about eight o'clock, and subsequently they will visit the banks and return to the Crabtree home for luncheon.

In the afternoon at four o'clock they will meet a number of ladies who have been invited for an informal reception, and at 6:30 p.m. an annual dinner will be served. In the past all the meetings of the ex-presidents have been held in Chicago, with a dinner served usually at the Hotel Sherman. This year, however, the members accepted the invitation of Mr. Crabtree to vary the rule of long standing and to meet in Jacksonville as his special guests.

The Illinois Bankers' Association as it is organized today was formed in 1891, and there have been twenty-four presidents elected. The first officer was Thomas Ridgway of Shawneetown and he served for two

years. But subsequently it became an unwritten law that a president should hold office but one year. Of the total list of presidents, five are now deceased, one of whom, H. H. Harris of Champaign, passed away during the year 1914. The annual reunion of ex-presidents was inaugurated five or six years ago and they are of the most informal character possible. No program is ever carried out, there are no officers or committees, and so the motive and purpose is purely social, and from these gatherings there has naturally grown an intimacy of friendship, a fund of good fellowship which could have come about in no other way.

After the dinner tonight the visitors with their host who was president of the Illinois Bankers' Association in 1911 will leave over Wabash for Chicago to attend mid-winter meeting of the executive council of the association at the Congress hotel. The bankers who today will be not only the special guests of Mr. Crabtree, but in a general way the honored guests of Jacksonville, are named below, and it will be noted incidentally from the list that this city has three times furnished the presiding officer of the Illinois Bankers' Association:

**INTEREST IN CITY POLITICS NOW GROWS DAILY**

A. W. Becker Has Announced Candidacy for a Commissionership—Other Candidates Talked About.

A. W. Becker yesterday announced his candidacy for city commissioner and will at once enter upon an active campaign. Mr. Becker's name has been heard occasionally for several weeks as a probability, but he did not definitely make up his mind until yesterday to be a candidate. He is a resident of the first ward and has for many years been a business man who has had the confidence of a very wide circle of friends and customers. He has been successful and is rated as a man of more than unusual worth and ability.

Dr. J. C. Widenham's possible candidacy for the mayoralty continues to be talked of, and though he has authorized nothing definite upon the subject, some of his more intimate friends state that there is little doubt but that he will soon announce himself. It was understood yesterday that David Estaque will probably become a candidate for commissioner, and that Harry Oermeyer is seriously thinking of making the race.

And still another candidate who is likely to get into the contest very shortly is Dr. E. F. Baker. For some weeks Dr. Baker has been advocating the securing of a number of citizens who would express themselves as willing to accept office and to serve at low salaries. It is understood that he did not start the movement with the intention of being a candidate himself but he has so frequently been asked if he was willing to do the thing that he was proposing for other men to do that he has about decided that he will be a candidate if anyone wishes to support him. Dr. Baker is a keen, successful business man and if elected would, no doubt, devote his energies unreservedly to the work of his department regardless of whatever pay there might be attached.

**NEIGHBOR SENT IN ALARM.**

While watching a burning flue at his residence, 946 North Church street, at 6 o'clock Sunday evening, George W. Stout was surprised by the arrival of the city fire department. A neighbor had seen the fire coming from the chimney and had sent in the alarm unsolicited. Mr. Stout was not intending to call the firemen as there seemed to be no immediate danger.

**DR. BAKER RECEIVES LETTER FROM FRIEND IN ITALY**

Member of University Faculty Writes of Conditions as Outgrowth of European War.

When Dr. and Mrs. E. F. Baker were in Europe a year or two ago, E. Venturini, a member of the faculty of one of the Italian universities, was their guide in Rome. They were naturally therefore very much interested in a recent letter they received from him. The letter was of interest from the intimate viewpoint of the writer with European conditions. It is dated at Rome on Christmas day and is as follows:

Dear Doctor: Your kind letter reached me some days ago; thanks for it. On this side, it is a sad Christmas. It is the gun which gives the morning and evening salute. The Magi of old brought gold and myrrh; the kings of today, lead and dynamite; rivers of blood, showers of fire. They are competing to raise a national monument on a huge pedestal of butchered generations; and thus they have made civilization a myth, humanity a delusion, progress a mockery. When I read the papers it seems to me as reading the chronicles of the 4th or 5th centuries when Goths and Vandals sacked my country, with the variation that these barbarians were only pygmies compared to the giants of our days! So much for Progress.

We are tempted to ask if life is really worth living! We are neutral, it is true; but all suffering from the consequences of this dreadful war. To us, depending on visitors, the war has been a regular knock on the head! We are all ruined! On the other side of the Atlantic you have only the echoes of our calamities! May the dove of peace spread its wings over your country forever! On this side, it seems cruel to wish one another a happy Christmas, a bright New Year, aggravating the case by "many returns of these days." The weather here is glorious; Roman days; a deep blue sky; sunshine; but no visitors. No doubt Italy is going to remain neutral till the end; and Rome this year would make an ideal winter resort!

On Christmas eve I was present at the reception given by the new pope, Benedict XV, who delivered a most touching speech especially at the end when he appealed to the nations to lay down their weapons, in the name of the Prince of Peace! We all felt that it was a sermon in the wilderness, but realized that civilization, humanity and progress have not left their native land and their old good nurse, Italy! Please present my best wishes for a happy New Year to Mrs. Baker and with all the compliments of the season to you, etc."

Charles Magill left last night to attend the meeting of the league and W. T. Craig of Woodson will go to Lincoln this morning to take part in the shoot. It is planned to hold a registered shoot in this city in May and to make it, if possible, a bigger event than the one last year.

### ILLINOIS WILL PLAY SHURTLEFF COLLEGE TONIGHT

Alton Basketball Team Comes for  
Contest Against Local College  
Five in Strawn's Hall.

Following close in the wake of a victory over the Bradley Polytechnic Institute of Peoria last Saturday, the Illinois college quintet will line up tonight against the Shurtleff college team, in Strawn's hall.

Little is known of the Alton bunch except that they have a number of old men in the game and have been practicing hard for the contest. Coach Harmon is not going to take any chances against the visitors and is expecting to give them a run for the honors. In Illinois' lineup will be, Harmon, McLaughlin and Gary, forwards; Frisbie, center; Capt. Atchison, Stewart and Pierce, guards. If opportunity offers Coach Harmon may use Allen, Capps, La Rue, Smith and Hill.

One hundred and fifty additional seats have been provided which will make a seating capacity of some four or five hundred and judging from the attendance at the last game the extra seats will be needed this evening.

A curtain raiser between a team from the High school and the second college team or Whipple Academy team will be played at 8 o'clock, short periods being used and the big game will start immediately after the curtain raiser. Calhoun will act as referee.

### REV. MR. FLAGGE SPENDS AN EVENTFUL SUNDAY.

Takes Four-mile Walk to Charge on  
Account of Runaway at Island  
Grove.

The Rev. G. W. Flagg filled the pulpits of the Rev. N. R. Johnson Sunday at Island Grove and Alexander, but with some difficulty due to a runaway in which Rev. Mr. Johnson figured near the beginning of the journey. The Island Grove minister was driving to the station to meet the pastor of Centenary, due to arrive on the morning Wabash from Jacksonville. A short distance from the stop, the king bolt on Rev. Mr. Johnson's rig broke, the horses with the shafts and two front wheels broke away at a run and the minister was thrown precipitately to the ground. Somewhat worse for bruises he met the passenger train but Rev. Mr. Flagg, the carriage in pieces, had to take the four miles to Island Grove M. E. church afoot. A neighbor drove with him to Alexander and he was enabled to keep his engagement at the church there in the afternoon.

Meanwhile, Rev. Mr. Johnson's horses had made straight on for the Wabash track. A freight train, running a few minutes ahead of the passenger, was in the way but the frightened animals dashed against the cars and one horse knocked out several teeth. The team whirled around back and were found a few minutes later tangled in a hedge.

### SPRINGFIELD CARPENTER INJURED NEAR ALEXANDER

Frenchman Rolls off Hay Mow of  
J. B. Corrington's Barn to  
Concrete Floor Beneath.

Gladis Moses Gloden, a native of Paris, France, and a resident of Springfield, Ill., suffered a fall Sunday night from the hay mow of J. B. Corrington's barn, near Alexander, which may cripple him for some time.

It seems that as work was scarce in the Capitol City, Gloden thought he could find more work by tramping across country, picking up what jobs he could. He reached J. B. Corrington's place Sunday evening and asked permission to sleep in Mr. Corrington's barn. This request was granted and Gloden's given him.

According to Gloden he had been asleep about an hour when he awoke and rolled over, not knowing how close he was to the edge of the hay mow. He fell about twenty feet, landing squarely upon his back on the concrete flooring beneath. He was unconscious for a minute or two and when he came to, he was unable to move or call help. He lay in this position until yesterday morning when Mr. Corrington discovered him. Dr. T. O. Hardesty was immediately called on the phone and gave instruction as to having the man removed to the hospital in this city. Mr. Corrington brought the injured man to Alexander where he was placed aboard the morning Wabash and taken to Our Savior's hospital. Dr. Hardesty there made an examination and found that no bones were broken and that the spine was apparently uninjured. It is possible that with a few days rest and care that Gloden will be able to return to his home on South Eight street, Springfield. He is a man sixty-seven years old and has been a resident of this country for the past fifty-one years. He has a daughter living in Springfield, who is a music teacher.

### MAN WHO ROBBED THE DUNN STORE IS ARRESTED

Sometime Sunday night a thief broke a window glass at the store of John Dunn on South Mauvaster street and made away with four gold watches. Suspicion pointed to a colored man who had spent the night previous at the city prison. He was traced to Springfield and was arrested there Monday afternoon by Patrolman Duncan. The man had one of the watches but had disposed of the others. He confessed to the Springfield police that he was guilty of the theft. Chief of Police Davis will go to Springfield today for the offender.
